B. Swiffer® Refill Dusters

Not your ordinary feather dusters. Swiffer Dusters not only feature thousands of fiber fingers that make it easy to clean hard-to-reach areas, they also trap and hold dirt and dust. Simply place the disposable duster onto the flexible plastic handle PGC 44750 (sold separately), and use it wherever dust, dirt and hair are found. 10 dusters per box; 6 boxes per case.

Quality Tools for Smart Cleaning

C. ProFlat Duster 75

Flat, extremely flexible duster for those hard-to-reach places. Easily gets into tight, narrow spaces such as between bookcases, under counters and more. Use as a hand tool or attach to pole (not incl.) for high-access dusting. Can be used wet or dry. Microfiber sleeve conserves water, requires fewer chemicals and is machine washable. Also includes three disposable electrostatically-charged replacement sleeves. 30" length.

D. MicroFiber Dust & Wash Mitt

Two-sided for multipurpose cleaning power. Thick, soft strands on one side have increased surface area for extra absorbency and cleaning power—ideal for washing. Other side has premium-grade, low-pile microfiber—ideal for dusting or polishing. Grabs dirt and dust to clean countertops, wood, glass, metal, paintwork and more without the use of chemicals. Machine washable for repeated use. Green/Blue.

Some of the most beautiful and low-maintenance landscaping these days is also what is known as "xeriscaping," or landscaping that does not require supplemental watering. As fresh-water resources are becoming scarcer and more expensive worldwide, you will see more commercial buildings moving toward using drought-tolerant plants and groundcovers. Not only does xeriscaping lower water bills, it requires less maintenance and little or no lawn mowing. Although it requires a bit more startup work than laying sod, the benefits endure for years.
